

Gateway To The U.S.

Shortest Distance Between Two Points. WDSrx facilities in South Florida and Texas are the entry points for international companies to access their U.S. distribution networks.

WDSrx facilities are located in our Boca Raton, Florida headquarters close to Miami and near Houston in Sugar Land, Texas.

The world-class leisure and entertainment activities available in South Florida and in Texas are matched by their business vitality and transportation infrastructure. Florida has one of the world's most extensive multimodal transportation systems including 19 commercial airports, 15 deepwater shipping ports, extensive highways and rail networks. Texas ranks second in the United States with 26 commercial airports, 11 state highways with international routes and 11 deepwater ports.

To facilitate client transportation needs around the world, WDSrx is licensed by the Federal Drug Enforcement Agency as an Importer authorizing permitting of international shipments of Controlled Substances (Schedules CII-CV) into the United States.

FLORIDA

Boca Raton is strategically positioned within a one hour drive from three of the country's busiest transportation hubs: Miami International Airport (MIA), PortMiami and Port Everglades. Shipments from our facilities reach destinations throughout the United States with minimal outgoing weather-related delay.

WDSrx clients appreciate that Miami is often the nearest U.S. major city with the shortest flight time from their home airport. This fact increases efficiency and convenience for Latin America manufacturers doing business in the United States.

Florida ranks third of all U.S. States for the number of pharmaceutical and medical manufacturing businesses, enabling visiting clients to accomplish multiple business objectives in the same area on a single trip. Our management team is fluent in spoken and written Spanish.

- Miami, FL To Cartagena, Colombia (MIA-CTG) – 2h 45m
- Miami, FL To Lima, Peru (MIA-LIM) – 5h 35m
- Miami, FL To Sao Paulo, Brazil (MIA-GRU) — 7h 35m
- Miami, FL To Buenos Aires, Argentina (MIA-EZE) – 9h
- Miami, FL To Panama City, Panama (MIA-PTY) – 3h 55m
- Miami, FL To Madrid, Spain (MIA-MAD) – 8h 10m

TEXAS

Our healthcare 3PL facility in Sugar Land, TX links with the Port of Houston and George Bush International Airport. The facility is a mirror of our Boca Raton, FL headquarters location with similar equipment and capabilities.

Houston has more than 190 life sciences companies employing over 300,000 people, placing WDSrx in the center of this growing industry, equal distance from both coasts and a two and a half hour flight to Mexico City.

- Houston, TX To Mexico City, Mexico (HOU-MEX) – 2h 10m
