

## BioFlorida Conference For Early Stage Commercialization Strategies

A group from WDSrx attended the BioFlorida conference at InVentiv Health in Miami. Keynote speaker Matthew Kim, Founder of [Vigilant BioSciences](#) discussed the stages leading to commercialization of the company's oral cancer screening test. Richard Erwin of [Catalyst Pharmaceuticals](#) joined a panel discussion about management issues involved in successful launches. WDSrx supports [BioFlorida](#) as part of our strategy for meaningful involvement at every stage of the pharmaceutical 3PL supply chain.
